### Career guidance

Career guidance and placement cell provided guidance and technical assistance for the students in order to achieve their career goals. The Cell has actively involved in organising career counselling to students to equip them to secure the available opportunities. Adequate emphasis is given for soft skills development along with career guidance. Group discussions and aptitude tests are conducted at regular intervals to enable the students to improve their performance during placements drives. Pre-placement training programmes Under the guidance of Placement cell, the departments of Management Studies and Computer Science conducted several Pre-placement training programmes for the students. The various components of the Pre-Placement Training Programmes covered modules on Current Affairs, General Aptitude, Technical Aptitude, Presentation Skills, Group Discussion Skills, Debate Skills, Interviews Skills, Etiquettes, and Industrial Analytics Workshops etc.

Career guidance can help students understand their strengths, weaknesses, and interests, and provide them with a clearer picture of the career paths available to them.

Career Guidance is a counselling program that helps students choose the right career path based on their educational and professional choices. A qualitative and quantitative assessment of the student's knowledge, skills, information, and experience identifies which career options are available.
